How does GoodRx work with my Blue Cross insurance?

- Everyone can use GoodRx, whether they are enrolled in BCBSAL insurance or not. While you cannot combine GoodRx with your insurance to lower your cost, it may be cheaper than the coinsurance in your current benefits.
- Your pharmacy can tell you if GoodRx is cheaper than your current cost for each of your prescriptions. If GoodRx is cheaper, just remember to use your coupon instead of your insurance.

NOTE: If you use GoodRx, the amount you pay will not accumulate towards your Blue Cross Blue Shield deductible.
