

After the decision was made by the Commission yesterday to close the courthouse and other county offices to the public, we have made the following changes.

We will not be allowing taxpayers into our building, however, we will have a drop box in the breezeway area for taxpayers to drop-off returns/payments. We will be able to assist any taxpayers over the phones and through email. We will still be able to sale tobacco stamps as well; we have signs up explaining the procedure.

Our plans are to be here working processing returns, etc., but to have very limited or no contact with the public. If anyone has any questions, please contact our office.

Thanks,

Chris King

Director

Cullman County Sales Tax/Revenue Enforcement
