ALABAMA DEPARTMENT OF YOUTH SERVICES
AGENCY GRANT AGREEMENT
Fiscal Year 2023 – 2024

The Alabama Department of Youth Services hereby awards to

Cullman County Commission
(Fiscal Agent, hereinafter called Recipient)

the amount of **Seventy-nine thousand six hundred eighty and no/100 dollars (\$138,619.00).**

These funds shall be used for non-residential diversion services for *Blount County* youth who would otherwise be committed to the Alabama Department of Youth Services (DYS). Based on youth needs, the *Blount County Juvenile Court (BCJC)* will develop or collaborate in the development of a diversion program, which may include the identification and selection of community providers. As a result of the interventions funded by these monies and based on the estimates provided in the grant application, the parties expect that this program will provide diversion services to 6 youth annually with an ongoing capacity of 3 youth at any given time. Thereby aiding in a reduction of county commitments to DHS (including CLIMB, formerly known as HIT), barring a significant increase in serious juvenile crime (i.e. violent felonies, felony sex offenses). To assist juvenile courts in the provision of services for children in need of supervision (CHINS), DHS will permit the program to provide diversion services to no more than 10% of youth with CHINS offenses.

These funds shall be utilized for the following purpose/activities:

The Blount County Youth Advocate Program (YAP) is a community-based program that stems on working in concert with the family, the community, and other referring agencies to develop and implement individualized service plans and assessments. Service plans include strength-based practices, the wraparound approach, family group conferencing and positive youth development. Each youth is assigned a supportive adult role model or advocate. Youths that are eligible to work are assisted with job seeking skills and transportation to secure and maintain employment.

The program that receives funding from this grant will:

- Serve youth who would have historically been committed to the Alabama Department of Youth Services (CLIMB or regular DHS) in the absence of the funded program. Specifically, this includes youth with the following characteristics:
 - Males / Females between the ages of 12 – 17
 - Delinquent youth with a medium to high risk of re-arrest, as determined by the risk assessment instrument available on the DHS website
- Be developed by or in collaboration with the *Blount County Juvenile Court (BCJC)*.
- Conduct regular self-evaluations of program effectiveness, including evaluations that track outcomes for children served by the program (GIMS outcome measures).
- Maintain data on program participants as required in the DHS Grantee Information Management System database (GIMS) on a monthly basis.
- Produce an annual report for the October - September fiscal year by utilizing the form available on the DHS website. Each such completed annual report shall be made available to the Alabama Department of Youth Services by November 30. Decisions about renewing grants may be made based on the courts' ability to show through these reports that the funds have been effective in diverting youth from commitment to DHS or CLIMB.

To ensure fiscally responsible management of state funds, quarterly evaluative criteria are integral to the diversion grant funding process. These criteria include, at a minimum, program adherence to youth capacity, annual numbers, average length of stay, and successful completion rates. At any given time within a quarter, program population numbers will be reviewed. If at the time of review the total number of youth reported in the GIMS is below 50% of the maximum capacity, an initial warning will be provided. If a subsequent review during the following quarter indicates that the program population remains below 50% maximum capacity, the program may receive a 25% reduction in funding for the following quarter(s). Program and/or designated court representatives will be given an opportunity to explain the low population numbers. However, final reduction determinations will be made by DYS administration.

Both the **BCJC** and DYS acknowledge that this Award may be terminated at will by the **BCJC** or DYS for any reason. Any funds remaining from the award shall be returned to DYS upon the termination of said award.

The grant award contained herein is payable in installments, subject to the availability of funds and adjustments by the Alabama Department of Youth Services, as it deems necessary or advisable. All parties agree that prior year funds may be available to fund this program and have and/or will be applied to the total grant award. Any unexpended grant fund amounts shall be reported to DYS no later than November 1st. Nothing contained herein shall be deemed to be a debt of the State of Alabama in the contravention of the laws and constitution of the State of Alabama.

By signing this agreement, the contracting parties, including sub-contractors, agree that representatives of the Department of Youth Services will conduct site visits (both announced and unannounced), and that all records pertaining to the program, including financial records will be made available for review. At a minimum, these records would include: court referrals, JPO reports, service plans, progress notes and termination summaries.

The Recipient or its designee shall administer the services for which this grant is awarded, in accordance with the grant application, and applicable rules, regulations and conditions as set forth by the Department. This agreement is for a one-year period and may be extended for an additional year. Nothing contained herein shall be deemed to be a debt of the State of Alabama in the contravention of the laws and constitution of the State of Alabama.

By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

Standard Terms and Conditions:

Second Amendment to the Association of County Commissions of Alabama Investing in Alabama Counties Program Maintenance and Support Membership Agreement

Whereas, the Association of County Commissions of Alabama (the "Association") and the Cullman County Commission (the "County") previously entered into a Maintenance and Support Membership Agreement (the "Agreement") for the administration, planning, management, and completion support in the areas of educational, intergovernmental, compliance, and technical assistance related to the use of funds received by the County from the American Rescue Plan Act of 2021 by and through the Association's Investing in Alabama Counties (IAC) program; and,

Whereas, the County entered into the Agreement with the Association as a sole-source provider of technical and implementation support services for the administration of the County's award under the American Rescue Plan Act's State and Local Fiscal Recovery Funds ("SLFRF award"); and

Whereas, for the reasons previously documented by the County, the County has determined that the Association continues to be the sole-source provider of these services; and

Whereas, the Agreement is scheduled to expire on December 31, 2024; and

Whereas, for good and adequate mutual consideration, the receipt of which is hereby acknowledged, the parties desire to extend the term of the Agreement to ensure that these services continue uninterrupted through the duration of the period of performance of the County's SLFRF award.

The Association and the County hereby enter into this Second Amendment to the Maintenance and Support Membership Agreement as follows:

The Agreement, as previously amended on December 28, 2021, is further amended to provide that the Agreement shall remain and continue in full force until December 31, 2027, unless and until terminated in writing by either party upon 90 days written notice to the other party.

All other terms and conditions of the Agreement, as previously amended, shall remain the same.

Executed on this the 19th day of November, 2024.

Cullman County Employee Handbook, Approved February 23, 2016

Changes Effective TBD:

- Change section **IV-B. Annual Leave Scheduling**. Change entire section to read: “An employee may take annual leave at any time of the year as long as he or she has accumulated the leave and the needs of the department are met. The employee must submit his or her annual leave request to the department head (or their designee) at least two (2) weeks in advance for approval. Leave not requested two (2) weeks in advance may not be approved. This leave request should be made in writing on the appropriate Leave Request Form and signed by the employee. The request should then be acted upon as soon as possible by the Department Head, signifying approval or denial of the leave request and signed. Any leave request denial must have an explanation justifying the denial. The original copy of the leave request form (with original signatures) should be maintained in the employee’s departmental attendance/timekeeping file for a period of not less than one (1) year from the date of the leave request. A copy of the signed form should be given to the employee.

This procedure affects all county departments reporting directly to the County Commission. Other none Commission Elected Officials (Revenue Commissioner, Probate Judge, County Sheriff) may have a different form or procedure for requesting use of annual leave.”

POLICIES AND PROCEDURES: LUBRICANTS

ExxonMobil (BUYBACK) and TMC (Direct) STANDARD SERVICE OFFERING

Minimum Bulk Order Quantity:

ExxonMobil Buyback - Minimum bulk order quantity is **200 gallons per product**. The conversion factor for products sold by the pound shall be 7.5 pounds per gallon in order to determine minimum delivery size. Bulk products must be delivered and invoiced in the same unit of measure.

Example A: Delivery documents for bulk gear oils must reflect the pounds of product delivered using a conversion factor provided by ExxonMobil to convert from metered gallons to pounds.

Example B: Delivery documents for motor oils must reflect the gallons of product delivered using metered gallons or full compartment capacities (in gallons) where full compartments are delivered and not metered.

TMC Direct – Minimum bulk order quantity is **150 gallons** of one product and **100 gallons** for each additional bulk product on the order.

Minimum Package Quantity:

ExxonMobil Buyback - Minimum Package Order Quantity is **75 gallons** (approximately 25 cases) for Conventional products and **30 gallons** for Synthetic Product. If a package order is a combination of Synthetic and Conventional, then the 30 gallon minimum for synthetics is still required for the order total minimum to be allowed for less than 75 gallons. (No minimum if order can be delivered with bulk order meeting the minimum bulk order requirements).

TMC Direct – Minimum Package Order Quantity is **45 gallons** (No minimum if order can be delivered with bulk order meeting the minimum bulk order requirements).

Drum Pump –Off Minimum:

ExxonMobil Buyback- The minimum order quantity is **4 drums** for **conventional** product and **1 drum** for **Synthetic** Product. Accounting requirements dictate that the amount invoiced for pump-off delivery must equal whole multiples of drums pumped off. Example: A delivery consisting of 4 drums into a customer's storage tank must reflect 4 whole drums of product being delivered (1600 pounds, 220 gallons etc.)

TMC Direct – The minimum order quantity is **2 drums** for conventional product and **1 drum** for Synthetic Product. Accounting requirements dictate that the amount invoiced for pump-off delivery must equal whole multiples of drums pumped off.

TMC Drum Pickup Policy – Drums must have the bung, no damage, and less than 1" of any type of product in the drum for us to pickup. We will not pick-up any drums that have more than 1" of any type of product regardless of condition. TMC will only pick up empty drums from our customers while making a delivery.

Small Order Premium:

ExxonMobil Buyback: The standard service offering includes a Small Order Premium (SOP) of \$50.00. This SOP applies to orders below the minimum delivery size except where scheduled oil deliveries, customer pick up, or customer paid shipping arrangements have been made. This SOP shall be included in the customer's purchase order or arrangements shall be made between the Distributor (TMC) and the National Account to have the SOP billed and paid on a local level.

In cases where the National Account repeatedly orders less than the Minimum Order Quantities, ExxonMobil has instructed the Distributor to notify ExxonMobil National Account Representative so that this order pattern may be included in future discussions between the National Account and ExxonMobil.

TMC Direct – The standard service offering includes a Small Order Premium (SOP) of \$50.00 for orders below the minimum delivery size as stated above for McPherson Oil. This SOP applies to orders below the minimum delivery size except where Scheduled Oil Deliveries, customer pick up, or customer paid shipping arrangements have been made.

Standard Lead Times:

*Standard lead time is 2 business days for bulk orders and 3 business days for packaged goods orders placed prior to 2pm. **Orders received after 2pm will be processed the next business day** (Example – Any orders received after 2pm on Friday would be processed the following Monday).

Emergency Delivery Fee (EDF):

All request to break standard lead time and any weekend deliveries will be subject to an Emergency Delivery Fee. The 7 major holidays would be charged at double the normal rate. A same day delivery fee would be applied to any order received Monday thru Friday before 2pm that must deliver before midnight. A next day delivery fee would be applied to any order received Monday thru Friday by 2pm that must delivery before 5pm of the next business day.

- a. Same Day Delivery Fee - \$350.00

RE: Opinion on Applicability of Executive Session

Dear Commissioners and Chairman:

I am writing to advise the Members of the Cullman County Commission as follows:
